ANIMAL HOMES in the Garden

ANIMAL HOMES

in the Garden

B4U PUBLISHING

Why there is a **molehill** in our garden?
Because a **mole** dug it up while digging his home
underground.

Look who is sitting in the
henhouse!

Mother **hen** is laying
eggs that will hatch into little chicks.

Walk with us through the garden, where you'll meet animals that live here and learn about their homes. Everywhere you look, animal friends will be peeping out at you. Who's that hiding in a lump of soil? Who's that in the wooden hut? You'll have lots of fun with these charming pop-up pictures.
