Once upon a time, there was a girl named **Eleanor**. Eleanor was a princess. Her dad was a king and her mom was a queen, and they lived together in a palace. Eleanor woke up one morning and realized her mom was gone.

*She packed a few things in a little bag and decided, she will look for her mom herself. She walked until it got dark. She was hungry and tired when, all of sudden, she found a little cottage. The light was on.*

She was greeted by a nice lady, who gave her food to eat, water to drink, and a soft bed to sleep. Eleanor thanked her for everything.

Her night was marred by unsettling dreams. First, she saw an ugly witch, then a bear was chasing her. At last, she found herself in a city made of big white stones.

All of a sudden, she woke up.

**Once upon a time, there was a king, queen, and a little princess named Eleanor. Eleanor woke up one morning and looked for her mom. She looked and looked but she could not find her anywhere. Where is she? What happened? So, Eleanor threw a few things in a little bag, and set out to go look for her mom.**
